

REGISTRATION FEES

Early registration is strongly encouraged so we can be properly prepared for your group. T-shirts, patches and other supplies will be prepackaged and distributed based on the date pre-registration received (get your application in early). Failure to register early will cost an additional \$15.00 per person. It is not necessary to register individuals by name, only the total number in each age group. Please have as accurate of the number of boys and leaders as possible.

When you send in your "Early Registration" forms, list any additional boys or leaders who are planning to attend. If you arrive at the Campout with more campers than you pre-registered, they are more than welcome, but they will have to pay the late fees and you will not have the benefit of the lower registration cost. Please complete your registration forms with all who plan to attend. Our Registration team will gladly process any refunds for those unable to attend.

There is a \$15.00 per person surcharge for all unchartered outposts. This fee can be waived per conversation with Director Todd Wille.

The pre-registration fee is \$15.00 per person and is not refundable. Pre-registration of \$15.00 per person is due postmarked by April 12th 2019. Payment must accompany your pre-registration form. A pre-registration form is included in this packet.
